

### **Bogus callers**

We do not do private work. If anyone offers to do private work please contact Surrey Trading Standards on 0345 404 05 06 or visit [www.surrey.gov.uk/stopcoldcallers](http://www.surrey.gov.uk/stopcoldcallers)

### **Noise**

There will be some noise but we will try to keep this to a minimum.

### **Who is doing this work?**

The council's contractor Kier will be carrying out these works on our behalf.

### **Contact us**

**Please keep this leaflet in a safe place so you can refer to it.**

# **IMPROVING SAFETY ON SURREY'S PAVEMENTS**

**Advance warning**  
Pavement works:  
**Heathpark Drive, Windlesham**  
**Thursday 10 September 2020**  
**For 4 days**  
**Delays Possible**

**Start date:**  
**Thursday 10 September 2020**  
**Duration:**  
**For 4 days**  
**7am – 5pm**  
**Delays Possible**

Please look out for advance warning signs on site for any date changes or check [one.network](#) and @SurreyHeathLC on Twitter and Facebook.

## What we are doing

To help seal and protect the pavement on Heathpark Drive, Windlesham we will be spreading a thin waterproofing layer on the existing surface of the pavement. This is known as a 'slurry seal'. There will be delays whilst we carry out these works.

**Works area:** ██████████

## Information for residents and businesses

Works will be taking place along both sides of the pavement on Heathpark Drive from Woodlands Lane to Chertsey Road. There will be delays whilst we carry out our works.

We will make sure you can get to and from your house or business when it is safe to do so. Talk to a member of our staff on site if you need help – talking to our staff can solve most issues.

Please take extra care during this time and ensure that you do not walk or drive on the wet surface. The wet sections of footway will be closed off until it has dried. Please ensure that you and your families' shoes are free from material before entering your home, as this can stick to them and mark your carpet or flooring. Please also check the paws of your pets before they go inside.

The pavement will be sprayed to minimise weed growth with herbicide treatment prior to the start of our works. We are unable to use strong weed killer as this contaminates the soil and water table. If weeds grow through the new surface we will return to carry out an additional spray.

Pedestrian traffic management will be in place to cater for the closures. An alternative route will be provided.

### Overgrown vegetation

If there are any tree branches, hedges or shrubs from your garden that are hanging or growing over the pavement, please cut them right back to expose the full width of the pavement surface before our works start.

### Delays in work

Due to the fast-moving nature of this type of work, dates can vary from the ones advertised on this leaflet. Our contractor will deliver their own leaflet the day before they are due to work on your pavements in order to keep you informed. We will also be regularly updating [one.network](#) with the latest dates, as we have them.

### Parking

It is essential to keep the pavement free from parked vehicles. Please park somewhere else otherwise your vehicle may be towed away to a nearby road.
