Customer feedback

Your feedback on how these works are carried out will help us to continue to improve. You can do this by filling out the enclosed freepost feedback form using reference number WCT – 692503.

We apologise for any delays this work causes and thank you for your cooperation and patience.

The image shows a roadwork warning sign with a black background and yellow text. At the top left, there is a blue tag with a white outline of a road sign that says "IMPROVING OUR ROADS" and "Surrey". At the top right, the Surrey Council logo is visible, featuring a stylized tree and the word "SURREY". The main text on the sign reads "REBUILDING SURREY'S ROADS" in large, bold, yellow letters, followed by "TACKLING THE ROOT CAUSE OF FAULTS AND POTHOLES" in white, distressed-style letters. Below this, it says "Advance warning" in white, "Carriageway resurfacing works:" in white, "Chertsey Road / Updown Hill, Windlesham" in white, "Thursday 5 November 2020" in white, "For 2 nights" in white, and "Road closed" in white. At the bottom of the sign, there are two thick, horizontal yellow lines.

Start date:

Thursday 5 November 2020

Duration:

For 2 nights

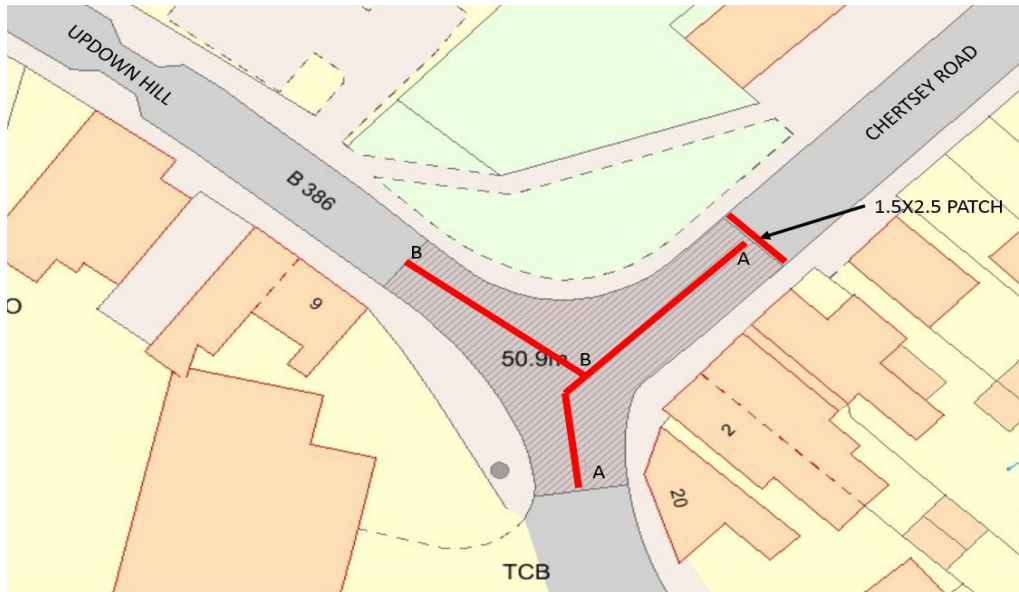

8pm – 6am

Road closed

Please look out for advance warning signs on site for any date changes or check [one.network](#) and @SurreyHeathLC on Twitter and Facebook.

What we are doing

We are carrying out carriageway resurfacing on Chertsey Road / Updown Hill, Windlesham.

Works area & closure: 

Roadworks during the COVID-19 restrictions

We have altered our roadworks programme and site safety practices to help keep workers and the public safe during COVID-19 restrictions.

Essential and planned works are going ahead where it is safe to do so, to ensure the road network remains safe, open and operational. For more information visit www.ourroads.today.

Information for resident and businesses

The junction of Chertsey Road and Updown Hill will be closed whilst we carry out our resurfacing work. We will make sure you can get to and from your house or business when it is safe to do so. Please talk to a member of our staff on site if you need help – talking to our staff can solve most issues.

The red line on the map opposite indicates the road closure required in order to complete our patching works.

Delays in work

Our work is sometimes delayed by bad weather. We will keep you updated on any changes via the advance warning signs and on [one.network](#)

Night works

Working overnight is necessary on traffic sensitive roads to reduce disruption during peak times. It also enables longer uninterrupted working before the closure has to be lifted for daytime traffic, and results in a shorter period of disruption.

Noise

There will be some noise but we will try to carry out the bulk of the noisiest works before midnight.
