2. INTRODUCTION

2.1 This document sets out the manner in which Windlesham Parish Council has delegated its powers.

2.2 The legal basis of the delegation conferred by the Document is contained in the following provisions of the Local Government Act 1972:

"S. 101 Arrangements for discharge of function by local authorities

(1) Subject to any express provision contained in this Act or any Act passed after this Act, a local authority may arrange for the discharge of any of their functions:

- (a) by a Committee, a sub-committee or an officer of the authority, or
- (b) by any other local authority

(2) Whereby virtue of this section any functions of a local authority may be discharged by a committee of theirs, then, unless the local authority otherwise direct, the committee arrange for the discharge of any of those functions of a local authority and whereby virtue of this section any functions of a local authority may be discharged by a sub- committee of the authority, then, unless the local authority or the committee otherwise direct, the sub-committee may arrange for the discharge of any of those functions by an officer of the authority.

(4) Any arrangements made by a local authority or committee under this section for the discharge of any functions by a committee, sub- committee, officer or local authority shall not prevent the authority or committee by whom the arrangements are made from exercising those functions.

(5) Two or more local authorities may discharge any of their functions jointly and, where

arrangements are in force for them to do so, they may also arrange for the discharge of those functions by a joint committee of theirs or by an officer of one of them and subsection (2) above shall apply in relation to those functions as it applies in relation to the functions of the individual authorities.

(6) A local authority's functions with respect to issuing a precept for a rate or borrowing money shall be discharged only by the authority."

2.3 It is desirable that in the interests of certainty in decision making and to avoid lengthy discussions in Council meetings, Standing Orders should discourage, so far as is legally possible, action being taken by the Council after the matter has been 'decided' by a Committee, or Sub-committee. If the Council feel, however, that action is necessary then normally it should refer the matter back to the Committee concerned.

2.4 The intention of the delegation scheme is that the Council should act with all reasonable speed. Decisions should be taken at the most suitable level and that officers are given power over the day-to-day administration of the Council.
